

Southeast Region

Metropolitan areas in the Southeast are among the fastest growing in the nation and the states have recognized the need to invest.

Two Additional Trains Per Day

between Charlotte and Raleigh

North Carolina has committed to increase capacity and improve service quality and reliability for the three corridor trains that operate daily, and support additional corridor trains.

Improved Reliability

and congestion mitigation in North Carolina

Four new track crossovers between Petersburg, VA and Raleigh, NC will improve reliability and service quality, strengthening connections between the Northeast Corridor and routes serving the Southeast.

Planning and Feasibility Studies

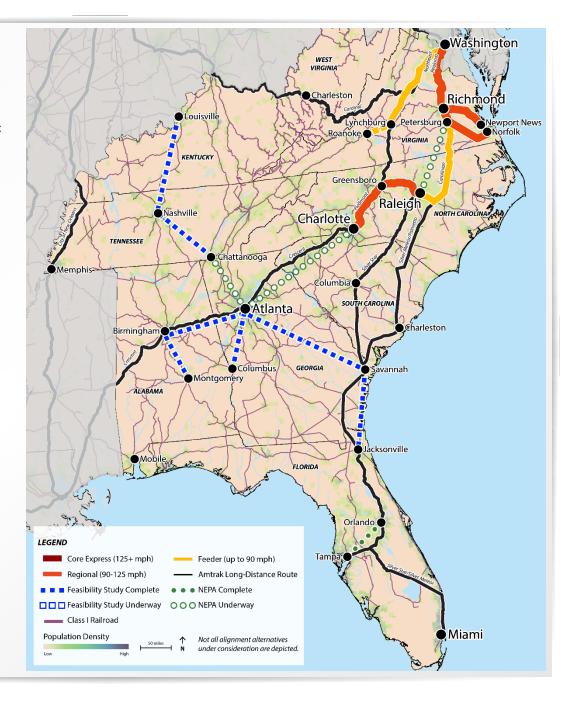

currently underway for several corridors

Planning is underway to expand service on the Atlanta-Charlotte Corridor, building upon a 2008 feasibility study. Studies are also underway in Georgia, Alabama, and Tennessee, to extend rail service to more communities.

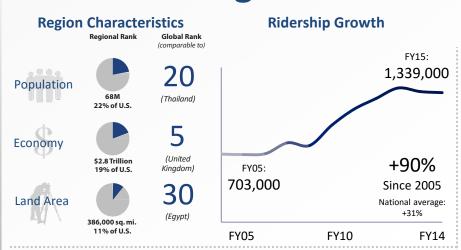

90% Ridership Increase

in the region since 2005
