Mr. Chris J. Andrews  
Florida East Coast Railway  
AVP, Safety, Training & Compliance  
7150 Philips Hwy  
Jacksonville, FL. 32256

June 2, 2021

Dear Mr. Andrews:

This letter is in response to the Florida East Coast Railway (FEC) submission dated April 29, 2021, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the Engineer Certification Program received by FRA on April 29, 2021. FEC has complied with FRA's procedures for submission and approval of programs as described in Appendix B to 49 CFR part 240.

FRA reviewed the railroad's program modification and determined that the railroad's program modification conforms with the requirements of 49 CFR part 240 for the reasons discussed below.

Your submission states that on April 29, 2021, the railroad provided a copy of its program modification to Mr. Joesph Sellers Jr., General President of the SMART-TD labor organization representing the railroad's employees of the FEC. FRA received no comments on the program or program modification by the labor organizations

The program modifications are consistent with the model of the previously approved railroad programs. FRA understands that the modifications are intended to provide more detail to the engineer certification process and updated contact information. Additional modifications to the submission also addressed deficiencies with the standard requirements of 49 CFR part 240, Appendix B. The improvements enhance qualifications for DLSE's. Standards have been set with regards to re-qualifying over a specific territory. Detailed training standards have been established in Section five of your engineer training program.

Please continue in your efforts to improve railroad safety on your system.

Please contact me with any questions regarding this submission at (202) 366-0978 or [FRAOPCERTPROG@dot.gov](mailto:FRAOPCERTPROG@dot.gov) or [Kevin.Lewis@dot.gov](mailto:Kevin.Lewis@dot.gov)

Sincerely,

Kevin Lewis  
FRA Program Manager – Certification
