Mr. Formanek

This letter responds to the Naugatuck (NAUG) May 8, 2025, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the NAUG Engineer Certification Program received by FRA on March 24th, 2025. (NAUG) has complied with FRA's procedures for submission and approval of programs as described in Appendix B to 49 CFR part 240. FRA reviewed the railroad's program modifications and determined that the railroad's program modifications conform with the requirements of 49 CFR part 240 for the reasons discussed below. Your submission package states that no labor organizations represent the railroad's employees.

The program modifications are consistent with the model of the previously approved Class III railroad programs. FRA understands that the modifications provide more detail to the engineer certification process and update contact information.

Please contact us with any questions regarding this submission at (918) 557-0651 or FRAOPCERTPROG@dot.gov or Kevin.Lewis@dot.gov or Kurt.Erickson@dot.gov

Sincerely,

Kevin Lewis
