Mr. Fransen:

This letter responds to Camp Chase Railroad's (CAMY) submissions dated August 1, 2025, seeking approval of its Engineer Certification Program under 49 CFR Part 240 on August 1, 2025.

FRA reviewed the submitted program and determined that it conforms to the applicable requirements of Parts 240 as outlined in Appendix B to the respective regulation. Your submission also states that no labor organizations represent the railroad's employees.

The Engineer Certification program is consistent with the model used by previously approved Class III railroads. FRA notes that the updated submission provides additional details on the locomotive engineer and remote-control operator certification process, including revised contact information.

Please continue your efforts to enhance railroad safety and maintain compliance with FRA's certification regulations.

If you have any questions regarding this approval, please contact us at (918) 557-0651, or via email at [FRAOPCERTPROG@dot.gov](mailto:FRAOPCERTPROG@dot.gov), [Kevin.Lewis@dot.gov](mailto:Kevin.Lewis@dot.gov), or [Kurt.Erickson@dot.gov](mailto:Kurt.Erickson@dot.gov).

Sincerely,

Kevin Lewis
