4.1.2 DRAFT EIS NOTICING AND PUBLIC HEARINGS

Draft EIS Formal Scoping Meeting Notification

The scoping process for the Draft EIS began with the publication of the Notice of Intent (NOI) in the Federal Register. The NOI was printed in the Federal Register on July 14, 2006.

Three public scoping meetings were held as part of the public scoping process for the Draft EIS:

- **Las Vegas:** July 25, 2006, 5:00pm – 8:00pm. The White House, 3260 Joe Brown Drive
- **Barstow:** July 26, 2006, 12:00pm – 2:00pm. Ramada Inn, 1571 East Main Street
- **Victorville:** July 26, 2006, 5:00pm – 8:00pm. San Bernardino County Fair Grounds, 14800 Seventh Street, Building 3

These meetings provided an opportunity for the public and agencies to comment on the scope of environmental topics to be analyzed in the EIS.

Notices regarding the public scoping meetings were published in local newspapers. Notices describing the proposed project and listing the dates and locations of the scoping meetings were printed in the Victorville *Daily Press* and the Las Vegas *Sun/Las Vegas Review Journal* (July 14 and July 23, 2006) and in the Barstow *Desert Dispatch* (July 14 and July 23, 2006). FRA sent notification mailers to approximately 2,500 individuals on the project mailing list (including property owners within 500 feet of the proposed rail alignments). The notice provided information on the scoping meetings and briefly described the proposed elements of the project. The notice also included details on how and where to submit formal comments on the project. A telephone hotline was also established to provide a contact for the scoping meetings.

Public scoping meeting attendees were asked to submit their completed comment sheets at the meeting attended, or to mail the sheets (by August 15, 2006) to 455 Capitol Mall, Suite 305, Sacramento, California. Approximately 24 comment letters were received from meeting attendees. In addition to the comment sheets, 12 letters were received by the FRA at 1120 Vermont Avenue, Washington, DC 20590. No comments were received

via the project hotline; however, one meeting participant called the hotline to request additional project information.

The Draft EIS included **Appendix P**, summarizing all comments received during the scoping process. The Final EIS for the DesertXpress project will compile and respond to all comments received on the Draft EIS and this Supplemental Draft EIS.
